

Kimberley Anderson

I live in Prince Albert with my husband and fellow judge Darren Plummer, and our 10-year old son Brayden. I have been involved in dog sports, including agility, since 1990. I have been a judge since 1997, an approver since 2007, a facilitator since 2003.

I have competed and trained 17 dogs in my career, including my current and retired dogs. I have been an active member of AAC since the early 1990s. I have been hosting trials since the late 1990s, and have been a consistent host for the Regional Championships for our region. I was also the secretary for the AAC National Championships hosted in Saskatoon in 2005.

Agility is my passion, and witnessing the growth of the sport over the past 27 years has been exciting.

I have a background in bookkeeping through the business Darren and I owned for 25 years as well as for companies our family owns in Canada, USA and Mexico. I have done books for non-profit clubs as well. Currently, I do books for our company as well as data entry for an accountant.

I am running for the position of treasurer of AAC. With my long-time association with the sport of agility as well as both my background in running successful businesses and doing books for other companies, I hope to help AAC go in a positive direction.
