

Cheryl Bartlett – Candidate for Regional Director Saskatchewan, Manitoba and Nunavut

I have been actively involved in agility since its inception in Canada.

In the past, I have served as the AAC Regional Representative for Saskatchewan/Manitoba as well as serving as the Chair for the Discipline Committee. I am currently sitting on the Standing Rules Committee.

I have been a Masters level judge for about 20 years. I am also a proctoring judge, and a Biathlon designing judge.

I continually upgrade my education in the sport, both handling and course design/judging through online education and workshops hosted at the Standsure facility here in Prince Albert. This helps me keep up to date in the sport as well as in my role as instructor.

I have been/am involved in hosting multi level events:

- AAC Nationals in Saskatoon.
- Multiple Regional Championships in Prince Albert.
- Open event.
- Regular trials.

I have also been involved in, among other things:

- Bringing the Veterans program into existence.
- The break away tire.
- The 1 Day Qualifier

I have had 10+ dogs in the sport of agility, prior to that, I have been involved in competitive dog sports for over 45 years.

AAC was developed as a Membership based organisation and has definitely strayed from its roots. The AAC elected Regional Director should be accessible to all the constituents of the region. Members should feel free to ask questions, raise concerns and get answers to their questions/concerns.
