

## **Jan Perfect – Candidate for AAC Secretary**

I have been an AAC member since 2017, and on the Board as Secretary for the last two years. I have learned a lot about the game of agility and how the AAC functions from some of the best.

I have an extensive background in board governance, having served on numerous library-related boards for many years. Professionally, I retired from the Ontario Public Service over five years ago. Before retiring, I worked as a senior policy analyst, where I advised senior government managers and leaders in areas such as policy development and legislative change.

In addition to my role as AAC Secretary, I've been using my governance and policy skills to assist the Board through several challenges it has faced. I'm also able to share my policy development expertise with the Board as it reviews and revises many of its committee and operational policies and procedures.
